

RaritanRx

Mehul Jain, Anna Glinskaya, Jasmin Farfan, Honghao Liu

Business Concept

- A **24/7** campus-adjacent OTC convenience pharmacy designed for Rutgers students.
- Steps from **bus stops** and **dorms**; walk-in, order-ahead, and locker pickup.
- App for real-time inventory, **fast** checkout, and **discreet** pickup.
- **Student swipe** accepted (up to \$20) plus standard payments.

Customer Value Proposition

- **Reachable:** essentials available late at night, near transit.
- **Affordable:** student-friendly pricing + student swipe.
- **Reliable:** core SKUs in stock; transparent substitutions.
- **Discreet Care:** low-contact packaging and quick pickup.

Vision • Mission • Core Values

- Vision: Improve **student health and wellbeing** across Rutgers and beyond.
- Mission: Provide **affordable**, **reliable**, and **convenient** essentials around the clock.
- Core Values: **Student-First • Accessibility • Privacy • Compliance • Community • Inclusion.**

Financial and Strategic Objectives (SMART)

Financial

- **Positive free cash flow** by end of Year 2; **initial debt repaid** by end of Year 3.
- **Reduce COGS %** by 5 points across the three years after first full fiscal year.

Strategic

- **≥75 new customers/month** in Year 1; campus-area share leadership by end of Year 4.
- **≥50%** of customers make **≥1 non-swipe purchase** monthly.

Corporate Social Responsibility (CSR)

A **strong, trustworthy reputation** is critical on a college campus (and in healthcare broadly) to secure partnerships and drive **long-term** repeat customers!

Key CSR Initiatives and Rationale

- Transparency: publish key operating **metrics and compliance practices**.
- Campus Wellness Education: hold a **health lecture** once a semester to enhance students' health awareness.
- Sustainable and Eco-Friendly Practices: bottle take-back, **eco**-procurement, and waste reduction initiatives.

New Product-Cold Kit

- Consists of pain+fever relief, cough drops, tissues, and thermometer.
- **Dorm-friendly** packaging and eligible for retail swipe payment
- Pilot → iterate SKUs based on **sell-through and customer reviews**.
- **Cross-sell**: honey/tea/Vitamin C.

National Expansion

- Decision: Expand nationally.
- Approach: **Franchising** for speed and capital efficiency.
- Rationale: local operator knowledge + headquarters playbook (training, brand, supply chain).

Global Expansion

Country: Canada

- Opportunities: rule of law, student-dense metros, transparent regulation.
- Challenges: provincial health rules; labeling/packaging; currency.
- Overall Rationale: **adjacent**, lower-risk learning market; pilot in university districts.

Expansion

- Expansion strategy: Standardized (global) core service/process/tech; localize SKUs and compliance.
- Entry strategy: **Joint Venture** with experienced local operator.
- Rationale: Balance regulatory navigation with brand/operations control.

Key Job

- Role: **Cashier** / Front of House (**POS transactions, guidance, light restock**).
- Qualifications: HS diploma; ≥ 1 year service; POS system proficiency.
- Compensation: \$17/hr + performance bonus; night/weekend premium.
- Advertising: Handshake, student orgs, Indeed, campus boards.
- Selection Criteria: service track record, reliability references; scenario interview.

Employee Motivation Initiatives

- **Employee Recognition Program:** highlight top employees every month and/or three months and/or year.
- **Flexible Scheduling:** student-friendly rosters and shift swaps (esp. for shelf stockers).
- **Professional Development Support:** partner with Rutgers; funding or paid time for certifications/technician training/continuing education.

Announcement—Two Key Employee Departures

Thank and wish both colleagues well; share facts transparently.

- Implement new programs to better engagement
- Commitment to a positive, motivating, and supportive environment

“I wanted to inform you that a few of our colleagues have recently decided to move on from our pharmacy team effective immediately. While we’ll certainly miss them, their departures give us an opportunity to reflect on how we can make our workplace better for everyone.

To ensure we keep our environment positive, motivating, and supportive, we’ll be implementing several new programs, including flexible scheduling, professional development opportunities, and a monthly employee recognition system for bonus opportunities. These initiatives are designed to make sure every team member feels valued and supported in both their personal and professional growth.

Thank you all for your continued hard work and dedication to providing quality care to our community. Let’s keep building a team that’s not only dependable but proud of what we do every day.”

Achieve High Employee Engagement

- Purpose alignment: link daily tasks to student health outcomes.
- Inclusive norms with clear boundaries; **zero-tolerance on discrimination**.
- Recognize team + individual wins; public dashboards.
- **Work-life balance** via smart scheduling and cross-training.
- **Transparent comms**: weekly standups.

SIPOC

- Suppliers: wholesalers, IT system providers, local healthcare professionals.
- Inputs: pharmacy facility, IT systems for records, orders, and payments, eye-testing equipment and materials.
- Process (5): Intake → Verification → Preparation → Clinical (optional) → Payment → Record.
- Outputs: accurate records and timely service, eye exam results/prescriptions (when applicable), a sanitary environment.
- Customers & CTQs: students/staff/visitors; 24/7 availability; accuracy & safety; affordable pricing.

Effectiveness & Efficiency Measurement

Effectiveness

Efficiency

Key Initiatives to Improve the Process

- Goal: add a new “Post-Visit Follow-Up & Rewards” step after “Record” in our SIPOC process to strengthen Outputs (repeat visits)
- Metric (Effectiveness): % of repeat student customers
- Initiatives
 - RaritanRx Loyalty Program: Weekly “Wellness Wednesday” events + an “RaritanRx” app that sends refill/health reminders and offers a digital rewards system to encourage students to return

Sell/Not Sell Decision + Why Successful

- Decision: Do **not** sell to an inexperienced foreign buyer.
- Rationale: protect **mission**, **people**, and **brand**; avoid value dilution; keep **long-term** upside.
- Why We Succeeded: **student-first access/affordability/reliability**; operational discipline (SIPOC, metrics); scalable playbook (franchise/IV); **CSR-driven**.
